

2022-2023 Branding Design Contest

SkillsUSA Florida: Storming Up New Opportunities

SkillsUSA Florida is a nonprofit organization serving students in CTE programs in Florida by developing the personal, workplace, and technical skills grounded in academics that are needed for career success within the skilled trades. Each year, student members are invited to create a cohesive design package that reflects the theme, the state, and the organization. The winning design is selected by members during the annual Fall Leadership Conference.

Some ways that the designs can be used:

- T-shirts and trading pins are distributed to conference participants during the State Leadership and Skills Conference (SLSC).
- The conference app homepage graphic will be used on SkillsUSA's Instagram story during the state conference.
- The banner will be displayed during events and carried during the annual Parade of States during the 2022 National Leadership and Skills Conference (NLSC).
- At NLSC, trading state pins is a popular activity among attendees, and the winning pin design will be provided to the state delegation.
- Publications like the Tuesday Times newsletter, membership recruitment, and partnership materials will include the design.

SkillsUSA Florida has a reputation for high quality, student-produced designs, and this year is no different! Check out previous designs at <https://skillsusafll.org/membership/branding-contest/> and submit yours by October 15!
