## SCOPE OF THE CONTEST

The contest is defined by industry standards as determined by the Florida SkillsUSA Championships technical committee.

## SKILL PERFORMANCE

Teams will demonstrate communication skills, teamwork, problem solving and time management skills by determining and presenting the answer to each question clearly within the five-second time frame.

- Each team shall have 3-5 members. All team members will complete a written assessment either in advance of the contest, or onsite at the competition. In the event of 3 or 4 member teams, the lowest written test score of the team will count as proxy for the 4<sup>th</sup> and/or 5<sup>th</sup> member.
- Each team shall have a captain who is identified to the judges. The captain will be the official “spokesman” for the team. Only captains may announce the answer or file a challenge.
- There will be three rounds of 25 questions each.
- The facilitator will read each question one time. Once a buzzer has been activated by a team, the facilitator will stop reading the question. The team will have 5 seconds to answer.
- Once a team activates the buzzer, they must be recognized by the facilitator before answering.
- Any team member can activate the buzzer, but only the captain may announce the answer. Once the buzzer is activated, teams have 5 seconds to answer. Teams may discuss quietly before answering.
- Correct answers earn the team one point; incorrect answers penalize the team one point. Teams may only answer once per question. The first answer given by the captain is the final answer.
- In the event of an incorrect answer, unless another team buzzes in before the facilitator has completed the question, the moderator will re-read the question until the question is complete. The question cannot be repeated except upon request of a judge. Teams will have ten seconds from the time the facilitator is done reading the question to respond.
- Facilitator will relay the correct answer if no team answers correctly.
- If the facilitator inadvertently gives away the answer, the question is voided, and an alternate question is read.
- The judge(s) will have the final say as pertaining to a correct/incorrect answer.
- Teams may not use cell phones, notes, reference materials, calculators or any type of electronics. Blank paper will be provided, and teams can bring their own pencils or writing implements.
- If a team believes that an incorrect answer was accepted or a correct answer was not accepted, the team captain may submit a challenge. Challenges may not be made once the next question is read. Team captains will raise their hands before the next question is read to submit a challenge. The judges will have the final say. If a team that submits a challenge is correct, scores will reflect the correct score. If a team that submits the challenge is proved wrong that team shall be deducted a point. Challenge with caution.
- Potential question topics include:
  - Table Service
  - Safety and Sanitation
  - OSHA Standards
  - Small wares
  - Cooking temperatures
  - Cooking methods
  - Ingredients
