

WELDING SCULPTURE UPDATE

SLSC24

Live welding will be a scored component of the 2024 *NATIONAL* competition. Live welding will not take place at regional or state events in 2024. As such, competitors are not required to bring any live welding supplies or materials, including safety materials, to the state or regional competitions.

SUPPLIED BY THE COMPETITOR:

- a. Competitor-designed and -produced sculpture
- b. Binder documenting the sculpture project and processes submitted in a three-ring binder
 - a. NOTE: Official SkillsUSA 3-ring binder is required for national competition
- c. Digital copy (PDF) of the binder content saved on a USB flash drive turned in at orientation.
 - a. Digital notebooks must be submitted in advance. Upload notebooks no later than Friday, April 5, 2024 at 11:59 PM. Failure to upload the correct format by the deadline may result in a penalty of up to 50% of the overall notebook score.
- d. All competitors must create a one-page resume. See "Resume Requirement" on the State Contest Updates page at skillsusafl.org/slsc/updates.

Students who advance to the national competition should review the Technical Standards for required supplies and materials, and notebook and resume submission information.
